

February 2021 Update

Dear Camp Families,

WE ARE HERE FOR YOU!

We hope this message finds you keeping warm, healthy, and smiling. We were pleased to hear that children and educators would be returning to school in-person, and we hope this process is off to a safe and successful reopening. We wanted to be in touch about the upcoming summer. While there are still so many unknowns, we are planning for various scenarios with the health and safety of our campers and staff as our top priority.

FOLLOWING GUIDELINES TO KEEP OUR COMMUNITY SAFE:

Understanding that no level of preparation can guarantee camp will remain free from the implications of COVID-19, we are confident in our ability to run our programs in a safe and meaningful way. We are determined to provide a top-quality, community oriented, meaningful, and FUN camp experience for your children and our staff team.

We continue to follow the Province of Ontario and Public Health guidelines, as well as recommendations from the Ontario Camps Association, which have been developed by a Task Force of camp professionals, experts, and members of the Ministry of Health. We are also pleased that Evan is serving as a Program Chair for the upcoming OCA virtual conference, focusing on COVID-19 and operating summer camps safely.

LET'S GET OUR KIDS TO CAMP!

We all know the importance of children playing with their friends, getting outside, being active and having the chance to just be kids! We will make every effort this summer to give your children a break from the new reality the pandemic has placed upon them. Our staff will work tirelessly to give your children an incredible summer, and a chance to reconnect with old friends and make new friends too. We are here for you, and we are here for your children.

Our flexible refund policy allows for a full refund with no questions asked until May 31, 2021. Early Registration rates are in effect until March 31, 2021. We are only a phone call or email away to address any concerns or answer any questions you may have. We will continue to be in touch with more details once we have a more in-depth understanding of the requirements to operate camp safely this summer. In the meantime, make sure you [like us on Facebook](#) and [follow us on Instagram](#) to stay up to date with the latest camp news, including Leadership Team and Head Staff announcements coming very soon!

Sincerely,

Evan Roth
